This document provides specific information for the release of the CJ to MARY Project. It updates the existing MARY with the capability to look up CJ statuses.

Overview of CJ to MARY Updates

The purpose of this release was to allow industry users to use MARY to obtain CJ statuses.

To support this goal, the MARY application was updated with a new CJ status lookup feature and other usability items.

Please check with DDTC Helpdesk, mailto:dtradehelpdesk@state.gov for questions about this MARY v1.1 release.

Update to MARY   v1.1

Functional Changes

New   **CJ Statuses**

The following features are added to the MARYv1.1 Application:
1. The MARY "Form Type" drop down menu on the MARY Case Search page is updated with the new CJ form type, DS4076
2. The new case number type format is displayed as guidance to the industry user
3. For each case, the case status and related staffing dates will be displayed, which could include:

CJ Status	Translated Status
Open	Open
Closed	Closed
Escalated	Escalated
Requested More Info	Requested more information from applicant

4. For each case, the name and telephone number of the assigned analyst will be displayed.

Fixed   **The "Check Status" function in MARY queries without required info**   PR-DT-20111205-2935

Fixes the problem that occurs when an industry user attempts to retrieve a status without entering any required information.
